

Summer Learning Strategies

July 12 – 23, 2021

Summer Learning Strategies is a 2-week orientation program for incoming ninth grade students. Students attend four sessions per day, Monday through Friday:

- **Reading Skills** – Students develop core strategies for reading in our college-preparatory learning environment. Furthermore, students complete the summer reading assignment under the direction of a Bishop Kenny English teacher. The summer reading text will be provided to students on the first day of the program.
- **Writing Skills** – Students learn targeted strategies to help prepare them for the writing expectations at Bishop Kenny.
- **Mathematics** – Students practice the fundamentals in mathematics to help ready them for Algebra 1 and beyond. Furthermore, they practice core concepts using an online software and with instructor-facilitated activities.
- **Learning Strategies** – Students experience a comprehensive orientation which includes two main threads: academics and student life. Students learn targeted learning and study strategies to help them be successful academically. Students also engage in daily activities which includes tours of our campus, learning our bell schedule, lockers, facilities, and the technology used in our learning environment.
